1640:canadians 2 havana:

the diplomasts expect that the cubans will use the opportunity to answer charges hurled against cuban by the reagan administration. in doing so the cubans would strive to clarify their aims and policies in central america, the caribgbean and africa.

the conclusions of the mp's will be included in a report to be subitted to the house of commons in april.

following a meeiting with mexican president lopez portillo in mexico city two weeks ago, canadian prime minister pierre Trudeau declared that canada palnned to maintain normal diplomatic and commercial sties with cuba.

canada and mexico are the only two nations of the western hemisphere that have never borken diplomatic tieor trade ties with castro's cuba. last year, trade bwetween canada and cuba reached more than 400 million dollars, a new record. cuba is canada's fourth biggest trading partner in latin america .

on the even of the mp's visit, cuba's prodigious cow, ubre blanca (white udder) was reported to have broken her own oworld moilk production record by giving 110.9 kilograms of jmilk in a twenty-four hour period. white udder has canadian holstein bull grandparents on both her maternal and paternal sides. a western diplomat, upon hearing of white udder's feat, commented: +it must be white udder's way of greeting the canadian parliamentarians.-
