passengers
Some of the hijacked ~~on~~ toured the city ~~last night~~ ^{on their only night in Havana} and went to the show at the tropicana nightclub at the invitation of the cuban government

Many however were extremely tired after their thirty six hour ordeal w hich began in venezuela and took them to Colombia, honduras, guatemala, san salvador, panama and last, ~~the~~ Cuba.

groups of ~~Panama~~ Cuban authorites took the hijackers into custody - ten men in all and have not said anything about them, Usually in cases like this, the hijackers are interrogated and held in prison. The last two American hijackers of U.s passengers planes were sent back to the united states for trial.

the cubans have not given out any statements about the ~~hijacking~~ ~~the hijacker~~ and even their nationality is not certain. Each of the three hijack commando groups ~~had names~~ had names - one puerto rican, another haitian and another el salvadorean...but many of the passengers and crew thought they might be venezuelans.

The hijackers handed out arm bands what said el salvador will win with the slogan
